STUDIO IDENT V1.0

BIFANA
STUDIO

1.5 seconds. One recognisable gesture.

STAR -> ORBIT -> SYMBOL -> BIFANA STUDIO

Small, curious and precise. Never epic, glitchy or cinematic-for-cinema-sake.

TIMELINE

0.00-0.10	Charcoal field / silence
0.10-0.34	Four-point star scales in with soft overshoot; sonic ping
0.22-0.70	Red-orange orbit draws clockwise; dot travels the path; soft whoosh
0.40-0.80	B symbol resolves around star; dot settles top-right
0.78-0.98	Clean resolve to BIFANA STUDIO lockup; warm sonic resolution
0.98-1.50	Clean hold for recognition and platform capture

OUTPUT MASTERS

BIFANA_StudioIdent_4K_ProRes422HQ.mov

4K / ProRes 422 HQ / PCM 24-bit - archival and edit master

BIFANA_StudioIdent_1080p_Alpha_ProRes4444.mov

1080p / ProRes 4444 alpha - compositing master

BIFANA_StudioIdent_1080p_H264.mp4

1080p / H.264 + AAC - standard delivery

BIFANA_StudioIdent_Web_VP9.webm

1080p / VP9 + Opus - web delivery

BIFANA_StudioIdent_Vertical_1080x1920.mp4

1080x1920 / H.264 + AAC - vertical/social delivery

Warm. Brief. Recognisable.

- A tiny star ping opens the ident.
- A restrained tonal whoosh follows the orbit.
- A soft low-frequency resolution lands with the studio lockup.
- No trailer boom. No aggressive glitch. No generic corporate chime.
- Production master: 48 kHz / 24-bit PCM WAV.
